**Storage**

21
In today’s fluid work landscape, employees need a variety of individual work areas to choose from, based on the task at hand. This may range from freestanding or mobile workstations for concentration, benching options that allow connection while still providing separation, or dynamic executive settings. Height-adjustable surfaces add even more variety by allowing for healthy postural changes throughout the day. Each element harmonizes to create modern work environments that enable people to work healthy and move seamlessly between independent and interactive work modes.
EverySpace

EverySpace is a comprehensive solution that puts the user at the center of its design. It can flex and flow as needs change and work styles evolve. Scalable by nature, its customizable platform is only limited by your imagination.

Priority

Change happens, and not always according to plan. That’s why Priority provides what a workplace needs: the ability to reconfigure, rescale, and re-adapt to suit virtually any situation. With plenty of storage options, Priority is designed not only for the task at hand, but for the continuity of an entire organization.
Definition

Definition’s elegant design naturally accommodates new ways of working. A multitude of style options create flexible solutions that support today’s workspace landscape.

Freestanding KIMBALL

KORE Work Cart

Karis

All signs point to awesome. Go ahead, give it another look. Karis features an inlaid chevron walnut top that deserves serious scrutiny. It's not just another pretty face, its low profile edge and personal drawer make it fully functional.
Seraphina
ETC.
When your work zone needs to be inspiring and inviting, turn to Seraphina. This stylish, collaboration-friendly solution supports single-user needs and allows guests to gather without being obstructed by the legs. Available in your choice of White Ceramic, Brown Ceramic, or Walnut, Seraphina makes a statement in any creative environment.

Kitner
ETC.
Kitner is the perfect solution for work nooks that need to be uber productive or mellow touchdown spaces that easily transition between users and uses. This console desk features a white laminate surface with milled edges and a natural wood finish. Talk about a multitasker.
Series A

Inspired by the dynamic needs of the new workspace, our thoughtfully-designed Series A Desk System assembles effortlessly, making it easy to grow from a desk for two to an office of two hundred.

Key Desk

The Key Desk has been engineered for both style and function, with details like a built-in power tray and powder-coated metal frame. It assembles in minutes completely without tools, making it ideal for a personal workspace in the office or at home.
KORE Work Carts address a variety of needs and offer choices. The quick customization and mobility allow for a fluid workspace that can rapidly expand, contract, reconfigure, or even relocate at a moment’s notice.

Priority

With Priority height-adjustable desk, you can rise (or lower) to the occasion. Now the private office can have the same flexibility and function with a modern-day aesthetic, bringing a timeless appeal to the executive space.
Height-Adjustable

As the modern workplace changes, EverySpace offers adaptable architecture that supports users throughout their day. Incorporate height-adjustable worksurfaces for ergo support and utilize integrated wire management capabilities to maintain a clean aesthetic.

EverySpace KIMBALL

As the modern workplace changes, EverySpace offers adaptable architecture that supports users throughout their day. Incorporate height-adjustable worksurfaces for ergo support and utilize integrated wire management capabilities to maintain a clean aesthetic.
The Naviyd collection of adjustable height desks allows you to tailor your space to your specific needs. With a variety of leg styles and worksurface options, it’s easy to create a workstation that matches your personal style and ergonomic needs.

Height-adjustable worksurfaces allow users to tailor their space to their specific needs. Add variety to your work day by switching between standing and sitting to complete your tasks. Adjust your worksurface to a height that fits you best ergonomically and for the type of work you are focusing on.
Showcasing a contemporary vibe with a floating top aesthetic, Tessera has elements that will delight. The sleek and angular design promotes a vision of sophistication, while the vast array of storage options allows the user to tailor it to their personal needs.
With the Ridella height-adjustable desk, you can take your workstation to the next ergonomic level, whether it’s in a home office or an office-office. It’s an ideal workspace solution for those who think on their feet, those who think on their seat, and everyone in between.
Series L
The Series L Adjustable Height Desk is the Sit/Stand solution for the modern workspace. Designed for ideal ergonomic work, it allows you the flexibility to transition from sitting to standing in seconds.

Series L 2S
The Series L 2S Adjustable Height Single Desk is the 2-stage Sit/Stand solution for the modern workspace. Designed to provide an essential range of heights, it allows you the flexibility to transition from sitting to standing in seconds.

Raise
The breakthrough technology of the Raise Adjustable Height Desk allows it to assemble completely without tools in under two minutes. Our patent pending lever eliminates screws and tools, giving you the option to quickly build, reconfigure, or move anywhere in the office with ease.
Benching

Priority
KIMBALL

Priority strikes a balance between individual and group activities in the workplace. Each element integrates to create modern work environments enabling people to work healthy, move freely and seamlessly between independent and interactive work modes.

KORE
KIMBALL

KORE was designed for working and living—complete with elements for privacy, media integration, and solutions for learning and training. KORE brings balance to the workplace—no matter how workers are situated, eliminating barriers to help people stay better connected to their work and each other.
Benching

Alloy

Alloy benching’s smart design and versatility, along with its ease of specification and value, make it a simple solution for open plan spaces. With height options, configuration possibilities, base color choices, and various electrical solutions, you can tailor Alloy to fit your needs.

Epicenter

The way teams work is ever-evolving; therefore, the places they work must be flexible to the task or project at hand. Epicenter, combined with WaveWorks or Epic storage and worksurfaces, brings functionality, flexibility, and connectivity to the workspace.
Series A
Inspired by the dynamic needs of the new workspace, our thoughtfully-designed Series A Desk System assembles effortlessly, making it easy to grow from a desk for two to an office of two hundred.

Series L Adjustable Height
Take a stand for the health of your team! The Series L Adjustable Height Double Desk is the Sit/Stand solution for the modern workspace. Designed for ideal ergonomic work, it allows you the flexibility to transition from sitting to standing in seconds.
From cozy and welcoming nooks to productive and highly-functional spaces, our brands offer storage and shelving solutions that are applicable in a myriad of environments. Including undersurface, low, overhead, vertical, mobile, shelving, and pull-out storage, our broad offering provides the flexibility to individualize each space with an extensive material selection.
